Agreed at the Policy & Resources Committee on 12<sup>th</sup> August 2019 and ratified at a full Council meeting on 2<sup>nd</sup> September 2019.

## Portglenone Cemetery: Sample 3000m Buffer Boundary.

Some Members had expressed concerns that the concession rate enjoyed by residents of the Borough should be extended to those living near a local council cemetery even if they live outside of the Borough boundary. To accommodate this view Officers added an additional clause within the definition of a resident which states: “Residents of Mid and East Antrim Borough will receive a concession on the full price which must be paid by non-residents. A person may claim resident status by providing proof of residency within the Borough or that they live within a three kilometre radius of a local cemetery if they live outside of the Borough within the last seven years.”

Proof of residency requires the presentation of official original documentation (not photocopies) that confirm an applicant’s address in the Borough within the last seven years and may include: Passport, Drivers, Licence, Rates or Utility bill, Bank or Building Society Statement, Credit/Debit Card Statement, Mortgage Statement. Persons who are unable to provide proof of residency will be charged as Non-residents. This policy applies to all charges for Cemetery provision.
