

FOI Reference Number: FOI/039/1920

Date: 01 May 2019

Request:

I work for a global software development company and utility connections service called [REDACTED] who has branched into the UK market.

We work with estate agents and letting agents and assist their clients who are moving into new properties with their utility connections. This can range from the energy connections, broadband connections, removal quotations to organising a local plumber or electrician.

We also would be looking at organising the local council tax on behalf of our clients, for the new property.

We would be working with a large amount of clients who are moving every month, do you have a process in place where we can send client data to you for new home owners/tenants?

Looking forward to your response.
