Not within your council boundary

Chapter or Policy: 9. Transportat on, Infrastructure and Connect v ty

Tests of Soundness: Genera comment

Please note on Page 88, the first 3 greenways include areas outside of MEABC boundary. ANBC have already stated they will not support any greenway from Greenisland across the boundary to Monkstown using disused railway line.

MEABC should only consider any development within their own boundaries. The residents of Newtownabbey will continue to oppose this ridiculous waste of money, embarked upon by councillors and council officials not elected by and not representing them.
