Dear Sir/ Madam

Date: 04th March 2021

**Re: Response to Mid & East Antrim Council Local Development Plan 2030-
Draft Plan Strategy (Modifications)**

Your Ref: **MEA-DPS-019**

We write on behalf of our client, [REDACTED] & to make a submission in respect of the Mid & East Antrim Borough Council ("MEA") Local Development Plan ("LDC") Draft Plan Strategy ("DPS").

Our ref: 2019543

We have reviewed the proposed Modifications do not seek to make any further representations in respect of the soundness of those Modifications. However our previous submissions remain applicable and have not been altered or reduced as a consequence of the Modifications.

We remain concerned that Gleno is not properly reflected in SGS2 and there is nothing in the modification that alters our position in this regard.

While we welcome the clarification provided through Modification provided through PM-004 and PM-005 in respect of SGS 3, that the Housing supply and allocation is based on the updated HGI's as published in 2016, we remain concerned that the reliance on HGI along is insufficient and does not meet the soundness tests as previously set out in our previous submission (MEA-DPS-019). We do not seek to repeat or add to the points previously raised, as these go beyond the modification and pertain to the wider Draft Plan Strategy.

Our client, [REDACTED] would welcome the opportunity to remain involved in this process.

We trust this will be given due consideration, but should you require any further information please do not hesitate to contact this office.

Yours sincerely

[REDACTED]
