Community Planning in Mid and East Antrim

Neil McInroy
Chief Executive

Community Planning

- Led by MEABC as the a whole corporate entity
- Agreement of all statutory partners
- 'Collaborative gain' – do more or do better than they can apart
- Driven by the outcomes, you collectively agree on
- Its about un-cluttering all those plans and strategies
- Its about added value

Get rid of the Silos and the thinking that goes with it

So it's pushing on

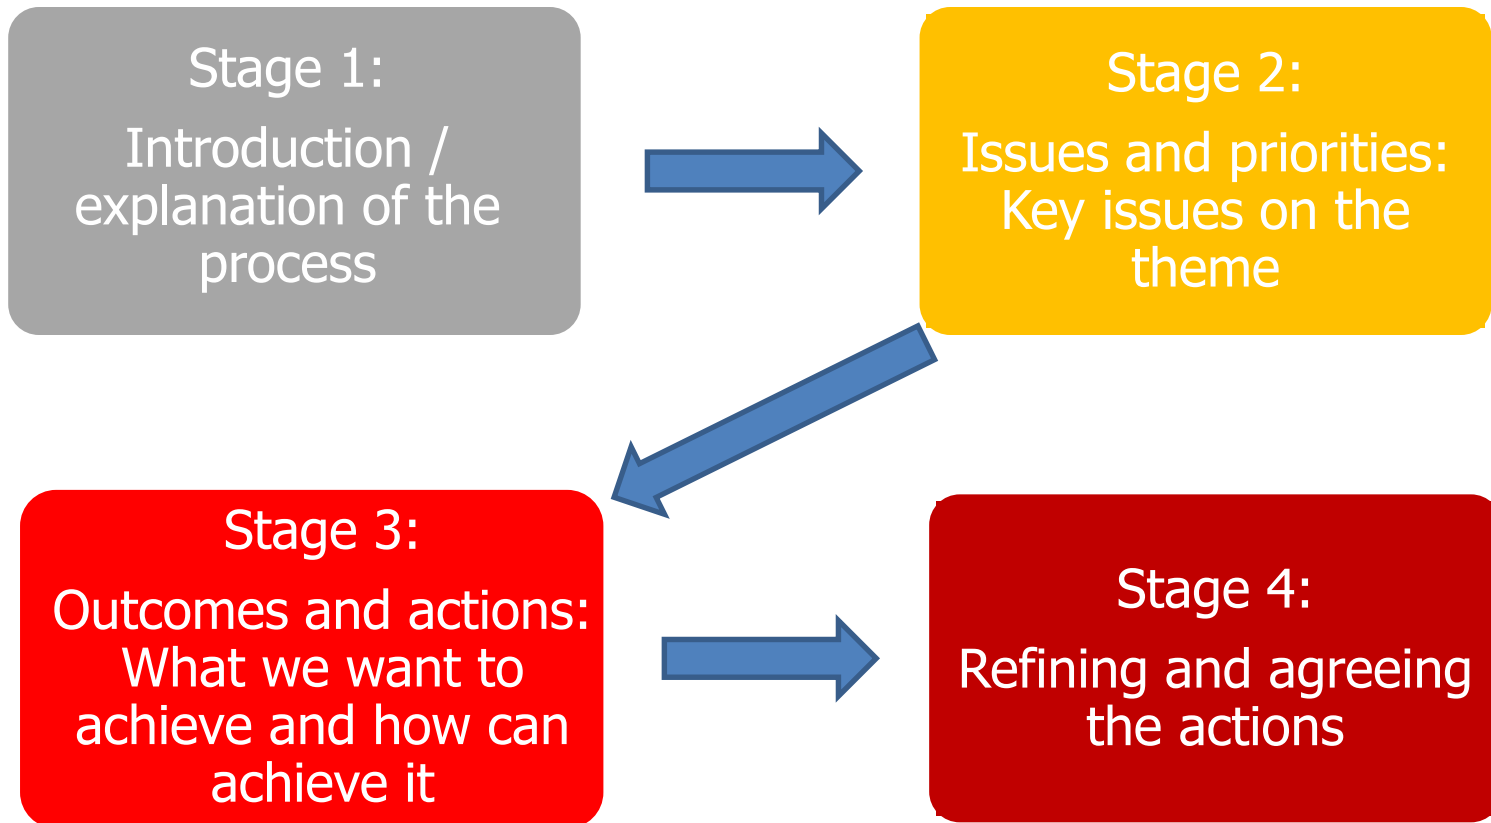

- Efficiencies
- Effectiveness
- Better outcomes

Pitfalls

- We drown in complexity. So we must focus and prioritise.
- We get fixated on structures. Important, but action and outcomes are key
- We think this is about everything. It's about added value on some things.
- It's just a paper plan. We need commitment to action.
